

Summer Reading List

Rising 2nd Grade

2020-21 School Year

Experts agree that children who read during the summer months gain reading skills while those who do not often slide backwards (RIF). Choose books from the following list or share some of your personal favorites. Children should read for at least 15 minutes each day.

A general rule for selecting books at the appropriate reading level is to choose a page and ask your child to read it aloud. If he or she does not know more than 5 words on the page, the book may be too difficult for them to read independently. Don't let that discourage you - consider reading a "too difficult" book aloud to your child. Your child is never too old to enjoy being read to. This opens the door for quality time and interesting conversations.

- Your child should use the accompanying Reading Log to track their reading. Turn this in on the first day of school.
- **Allow children to select books that are of interest to them.** It is important for children to associate reading with pleasure. Make reading fun!

Any books in the following series:
